Brief History of Sri Sathya Sai Organisation, Balasore-1

Balasore-1 District is in the East side of Odisha State which is connected to Mayurbhanj, Bhadrak, Keonjhar district of Odisha. The Revenue district Balasore is divided in two SAI districts. The State of West Bengal is also connected to the Balasore-2 SAI district. The East side of the district is Bay of Bengal. S.E Railway & National Highway so that the communication is very well. The grace of Bhagavan Sri Sathya Sai Baba has been reached this district since 1969.

. As the beauty of the Sai Bhajan started echoing in the air of Balasore some families got included in the very process. But the divine will was really something different as the blessed Balasore district to have the nectarine feeling of Sai Leela through organizational activities chiefly through three wings such as spiritual, Educational and Service in 1975 covering a vast area from the bordering of old Cuttack District to the border of West Bengal. Slowly but surely a good number of Sai Sevaks started to be touched at heart by the Sai Leelas and therefore touched scores of families in the Balasore district. Then Balasore revenue district divided in two revenue districts i.e. Balasore & Bhadrak during the year 2000. Again Balasore revenue district divided into two SAI districts i.e. Balasore-1 & Balasore-2 during the year 2011. Keeping the spiritual upliftment of the people in view the organization spreads throughout the district which resulted in forming **7** Samithies and **44** Bhajan Mandalis at present. Sri Shyama Charan Das Mopatra has been working as District President since 2019.
